

Accessing Google Classroom from Home

The easiest way for your child to access their Google Classroom is to head to our website:

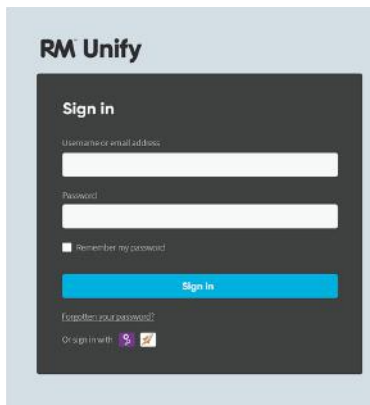

www.shireoakacademy.co.uk

When there go to the Teaching & Learning Menu and Click on Remote Learning.

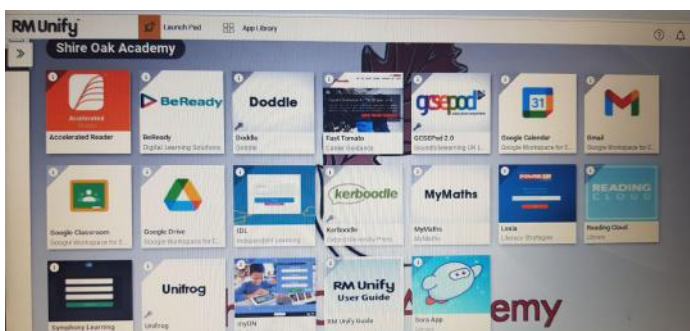

Links

At the bottom of this page, you will see a button/image that says RM Unify. Click This.

On the RM Unify sign-in page, your child needs to login in the same way that they would use a school computer. For example:
Username: 18-smith-a@shireoakacademy.co.uk
Password: xxxxxxxx

Your child should be familiar with the next screen and will be able to see the Google Classroom Button.

Click on this and you will be able to view all classes that your child is subscribed to.
